1 & 4 Revised 9-14-06

ARTICLE VI - LEAVE OF ABSENCE

1. A member may request to go inactive (Leave of Absence) in situations of need, such as Military, Employment, or Personal obligations by requesting this status through the club President or another Board member in the Presidents absence.
2. The President or Board member contacted will insure that a Board meeting be held as soon as possible. The Board will insure that the requesting member's financial obligations to the club are paid up to date and consider the reason for the request. Where there is no intent or desire to examine ones personal issues the Board will expect that the request be made due to unavoidable circumstances. The Board will then approve or disapprove the request.
3. If approved, the Board will grant a leave of absence from the date of request to the following dues period.
4. It is the member's responsibility to notify a Board member of his/her intentions of either remaining on leave or returning, prior to the month of April each year. Should a member fail to make such notification the member will be subject to termination.
5. A member returning from Leave of Absence will pay his/her dues and resume active status. A terminated member will have to

apply for reinstatement in the manner prescribed by this Constitution.

6. A member on Leave of Absence is officially divorced from all activities and benefits.

 - e. Willful cheating or unsportsmanlike conduct during any competition.

- f. Gross violation of accepted safety practices.

ARTICLE XII - CLUB PROPERTY

Property purchased by the club shall be owned outright, in the club name, with each member owning an equal share.

ARTICLE XIII - AMENDING THE CONSTITUTION

1. A written notice must be provided to all club members prior to a vote to amend this constitution.
2. A 2/3 majority vote, of members present at a regular club meeting, is required to amend this constitution.

ARTICLE XIV - BY-LAWS

1. The constitution of the Fathomiers shall be used in conjunction with, and supplemented by, a set of by-laws. The by-laws shall govern the administration of club business not specifically covered by the constitution.
2. A 2/3 Majority vote, of the members present at a regular club meeting, is required to pass or amend the by-laws.

ARTICLE XV - MEETINGS AND DIVES

1. Club Meetings:
 - a. Regular meetings shall be held once a month on, or at, a date, time, and place to facilitate the needs of the club. This need will most generally be determined or ratified by a two-thirds majority vote when possible.
 - b. An annual awards banquet shall be held on the Saturday preceding the February club meeting. The banquet may be held in lieu of the February club meeting by a vote of the members.
 - c. Special meetings may be called by the President or by a vote of the members present at a regular club meeting.
 - d. The parliamentary procedure of the meetings of the club shall be guided by ROBERTS RULES OF ORDER REVISED.
2. Club Dives:

- a. Club dive locations and dates will be determined by vote and Board Leadership in a timely manner allowing for proper planning by competition. There will be 12 club dives per year. Any diver may compete in any or all of the 12 dives and is encouraged to do so. Only 10 of the 12 dives will count towards any diver's annual points. If a diver is disqualified from two club dives the dives remaining will make up his annual total. Due to this "Ten Dive Rule" there will be no "make up" dives unless rescheduled by a majority vote of the membership. (Rev.1/21/07)
 - b. Club dives shall be scheduled on a Sunday if possible.
 - c. The fish limit for club dives shall alternate each month between 3 fish limit and 10 fish limit⁴. This may be temporarily altered by a vote of the members at the time the dive is planned.
 - d. Prior to the start of each club dive, a staging area will be determined by consensus of the members present. At the termination of the meet all divers must be present at the staging area and have their fish available for weighing. No person will leave fish with another person for official weigh in.
 - e. The duration of club meets are approximately 5 hours. The meet starts at 8:00AM and all competitors must be at the staging area with their fish available for weighing at 1:30PM. (Note) The Charlie Sturgill Meet will end at 2:00PM and the Scramble Meet will end at 3:00PM unless otherwise directed by the meet director. All competitors MUST BE at the staging area at the indicated times or face disqualification.
 - f. The boundaries for club dives are limited only by a member's ability to reach an area by foot or human powered watercraft.
 - g. One half an hour after the scheduled start of a club dive, that dive may be canceled or moved to a different location by a vote of the majority members present. (Revised 01-12-06)
 - h. Special dives or make-up dives may be called by the president or by a vote of the members present at a regular club meeting. (Revised 01-12-06)
 - i. In NO CASE shall the catch of an outside club member or
-

tentative member be counted "forward" of a full time member when tallying the scores for the monthly meet.

- j. The Club Recorder is in charge of the meets. His decision will be final as to tardiness or improper catch. If he/she is competing and there is an obvious conflict he should confer with another Board Member for final decision. (Note: this writing supports and firms the section dealing with the Recorders duties in Article 11-Section 4, Subsection "c")
- k. The Club President or Vice President in the Presidents absence has the right to cancel or change the date of a club dive on an emergency basis. The President and staff shall make every effort to notify competitors of the change in a timely manner. The President should confer with the competitors to set another date and location. If a change is not possible the "Ten Dive Rule" falls into place. (Revised 01-12-06)

3. "LARRY STAAT" Memorial Pole Spear Meet:

- a. A meet, limited to pole spear fishing, shall be held each year in memory of Fathomier Larry Staat who lost his life while pole spear fishing.
- b. The Larry Staat meet shall be a handicapped event. Prior to the meet, the recorder shall handicap each diver based on his/her average point score for the club dives he/she had attended. (rev.1/21/07)
- c. The meet shall be held in the Fall no earlier than September. This will allow for enough club dives to permit each diver to receive a handicap.
- d. The meet shall start at 8:00am and all divers must be in the weigh in area by 1:30pm. These times may be modified by a majority vote of the divers at the dive sight if conditions dictate a change of location for safety concerns, etc. The winner will be determined by the club point system and shall receive the "Larry Staat" Memorial Trophy. To be eligible for the trophy, a diver must spear at least 1 fish and be a member in good standing by the year end.(rev.1/21/07)
- e. Scoring; each diver's "Average Score" is determined by dividing his total points by the number of dives he participated in BEFORE THIS DIVE. This "Average Score"

will then be subtracted from the diver with the highest Average Score to yield each diver's "Handicap Points". These "Handicap Points" will then be added to each divers percentage score from this meet to yield his "Total Handicapped Score" to determine the winner of this meet. Only the diver's actual percentage score, without Handicap Points, will be added to his total points for the year. (rev.1/21/07)

Example: Erik's Average Score is 25.20, he subtracts that from the Highest Average Score of 74.65 to yield his Handicap Points of 49.45. Erik scored 47.82 percent at this meet plus his Handicap Points gives him a Total Handicapped Score of 97.27 for this meet. Only the 47.82 percent score will be counted in his total points for the year of dive competition.

- f. For a diver to qualify to receive "Handicap Points", he must have speared at least 1 fish per meet in a minimum of two previous club dive meets to determine his "Average Score". If the diver does not qualify, he will receive zero "Handicap Points" and will only be allowed to use his percentage score for this meet. (rev.1/21/07)

4. "SCRAMBLE" MEET:

- a. A club sponsored "Scramble" meet shall be held in August of each year.
- b. A maximum of \$15.00 dollars for each active member in the club will be taken from club funds to pay for the event.
- c. The entrance fee is waived for active and lifetime members of the L.A. Fathomiers.
- d. The "Scramble" meet shall be open to all competitors and shall have a 3 fish limit with only One Sheephead over 18 inches allowed per diver. (If in Season)
- e. There shall be no dive boundaries for this meet, however, all divers must check in and return to the designated staging area within the time limits of the meet.
- f. The winner will be determined by the club point system and shall have their name placed on the perpetual "Scramble" meet trophy.
- g. The highest placing Fathomier competing in a G.L.A.C.D. meet, P.C.C. meet, National meet or Blue Water meet shall have their entry fee reimbursed out of club funds.

This incentive is provided to encourage and support those members representing the Fathomiers in these events.

5. "THE CHARLIE STURGILL MEET"

- a. A club sponsored Charlie Sturgill Polespear meet shall be held in late fall with emphasis on the month of October.
- b. The meet is open to all competitors and shall have a twenty fish limit with no more than three fish per specie. There is a 12 inch size limit for all fish except Sand Bass and Calico Bass, which will be 14 inches when in season. There is a limit of One Sheepshead per diver and must a minimum size of 18 inches. Halibut have to be 22 inches, White Sea Bass 28 inches when in season; all fish must be taken in compliance with California Fish and Game regulations. Sharks, rays, eels, and mola molas are not permitted.
- c. Scoring will be one point per fish and one point per pound.
- d. The meet is of course for Polespears only.
- e. Awards will be given for First through Fifth Place in addition to the largest fish Award. The first place winner will also have his name permanently inscribed in the Charlie Sturgill Memorial Perpetual Plaque.
- f. Divers may use boats, paddleboards, kayaks, body boards or beach dive.
- g. The meet starts at dawn with no check in and there are no boundaries. However, divers MUST be at the weigh in site at 2:00 PM SHARP or be disqualified. The weigh in site will be set by the meet director each year most often in a cooperative effort with the Sturgill family.
- h. This meet is a celebration in the honor of the 'Late Great Charlie Sturgill'. Divers who gather here will be doing so out of respect for Charlie and his family. A pot luck BBQ festival will follow the weigh in process. Each participant is expected to bring an item or items to make this event a successful one. Those that can not bring food are expected to make a donation of Ten dollars to defray costs. That Donation should be submitted to the ranking Fathomier Board Member present.

ARTICLE XVI - POINT SYSTEM

1. Active club members and probationary members may accumulate points by participating in club dives.
2. Points shall be scored on a 1 point per fish plus 1 point per pound. (rev.1/21/07)
3. Only 1 fish per species shall be counted for points during 3 fish meets and 3 fish per species for 10 fish meets. Only one sheephead over 18 inches allowed per diver per meet.
4. Fish counted during club dives must be:
 - a. An edible species of fin fish. Sharks, Rays, Skates, and Mola mola are ineligible.
 - b. A minimum of 12 inches in length. Sheephead must be 18 inches and only one allowed per diver per meet. Kelp bass and Sand bass must be 14 inches in length.
 - c. In season and of legal size according to Fish and Game laws.
5. Before the next regular meeting, the recorder shall convert each diver's point total to a percentage score with the diver having the highest point total receiving 100%.
6. At every club dive, the diver who takes the largest fish shall receive 1 point toward the "Al Schuck" memorial trophy.

ARTICLE XVII - ANNUAL AWARDS

1. Awards recognizing the outstanding achievements of club members shall be presented, by the outgoing President, at the annual club banquet.
2. All trophies and medallions shall be purchased out of club funds.
3. Awards shall be given only for game taken while free diving.
 - a. All fish and lobster submitted for record consideration shall be submitted on a club application and must include a certified weight. This application must be submitted

within 30 days of when the fish or lobster was taken.
(Revised 01-12-06)

- b. If no certified scale is available the member may weigh the game on his personal scale. That scale will then be taken to the club recorders location where the recorder will determine the scales accuracy. This must be done within the 30 day filing period. (Revised 01-12-06)
 - c. In the case of applications for the clubs three major awards, the Largest in California fish, the Largest Out of Country Reef and Open Water fish, the fish will be weighed in the manner as described above, AND a photograph of the fish will be taken of a quality that a expert can ID the species, AND measurements will be taken indicating the girth and length of the fish. (Revised 01-12-06)
4. The following awards shall be presented for club competitions:
- a. Trophies shall be given to the top 5 finishers based on total percentage score.
 - b. A Trophy shall be given to the top competitor for the year who has two years of membership or less with the club. In no case shall the member be eligible for the award twice. (added May 11, 2008)
 - c. The Al Schuck Memorial Trophy will be awarded to the diver who earns 4 "Al Schuck Points". Once the award is achieved, everyone's "Al Schuck Points" will be reset to zero. If the award is not earned during a calendar year, all Al Schuck points earned will not expire and will carry forward into the new year until a diver earns 4 "Al Schuck Points". It is possible to award more than 1 Al Schuck Memorial Trophy in one calendar year.

The diver to weigh in the heaviest fish at the dive meet will earn one "Al Schuck Point" toward the Al Schuck Memorial Trophy. (rev.1/21/07)
 - d. The first place finisher based on total percentage score of the annual Fathomier's competitions will have his name permanently inscribed on the "Ed Gulley Top Annual Competitor Trophy".
5. The following awards shall be presented for fish taken from California waters, based on fish records submitted by club members.
- a. A medallion shall be given, for each species of fish, to

the member taking the largest fish. (Note: The exception to this rule is tuna. The member with the largest tuna will receive a plaque.

- b. A trophy shall be given to the member taking the largest fish of the year in California regardless of species.
 - c. A Plaque shall be given to the member taking the largest lobster. (Revised 3/10/03)
 - d. A Plaque shall be given to the member taking the largest abalone. (Revised 3/10/03)
6. The following awards shall be presented for fish taken OUTSIDE of California, based on fish records submitted by club members:
- a. A trophy shall be given to the member taking the largest Game Fish outside of California.
 - b. A trophy shall be given to the member taking the largest Reef Fish for the year.
 - c. A Plaque shall be given to the member who gets an "All Time Out Of Country" record PROVIDING that fish is larger than the current "In Country" record for the same fish and is a minimum of ten pounds. (Revised 01-12-06)

ARTICLE XVIII - FATHOMIER CATCH RULES

(Revised 11-12-2005)

1. The following catch rules are based on the philosophy of sportsmanship and the excellence of Spearfishing. The spearing of a fish, whether record size or not, requires extensive knowledge of fish behavior to complete a successful stalk. Knowledge of spearfishing equipment, possible hazards, and skill in the water are among important factors in spearfishing. In cases where the divers life comes into jeopardy the organization encourages the member to abort any further efforts in landing his quarry. Divers are reminded and cautioned that Spearfishing is a recreational sport and no risk to human life is worth any record or any fish. The Fathomiers Board of Directors encourages all members to keep themselves physically fit and seek every means of education as to how to successfully enjoy the sport of spearfishing while remaining safe.

For the purpose of a Fathomiers Club Record the definition of "Spearfishing" is defined as; the capturing of a open water fish through the use of a muscle powered spear gun while freediving.

Only fish captured within the club rules will be considered for record. In keeping with the philosophy of ethical and sporting spearfishing practices, freedivers must subdue their catch unassisted.

2. GENERAL CATCH RULES

- a. Divers must be freediving when they spear and land their catch. The use of artificial breathing devises is not allowed at any time including during the retrieval of the fish.
- b. Diver may leave the water to obtain additional equipment but must reenter the water where exited (allowing for the free movement (drift) of the boat) and continue the pursuit of the

fish free swimming. The diver MAY NOT pursue the fish by way of boat.

- c. If a diver loses contact with his floats and can no longer see them, he may enter the boat and "spot" his floats. He then must reenter the water where exited (allowing for boat drift) and free swim in the direction of his floats and regain contact. Under no circumstances may the diver utilize the boat to recontact his floats.
- d. Due to the potentially dangerous aspect of using bait, lures, or other teasing and attraction devices, the Fathomiers do not encourage the practice. However it is allowed in all forms. There is no need to mention or declare the act on the application form.
- e. Fish must be free swimming, unrestricted by nets, traps, fishing lines, or other devices.
- f. The catch must follow all laws and regulations governing the species or waters in which the fish was caught (restricted zones)
- g. Another diver may provide a second or additional unloaded gun/s to the "active" diver.
- h. Fish that have been injured or mutilated prior to being speared are not allowed.
- i. The use of artificial light at night to spearfish is not allowed.

3. DEFINITIONS

- a. FREEDIVING; Is defined as the sport of skin diving by which the individual swims on the surface or dives below the surface unencumbered and unaided by artificial breathing devices.
- b. UNASSISTED; Is defined as subduing the catch without the use of a artificial breathing device, without the benefit of exiting the water to pull a fish not subdued from the shore or water craft. The diver must complete the task without assistance of another individual in subduing, capturing, or securing the fish (such as pulling on the line or "second shooting" the fish). This DOES NOT preclude a second diver from supplying a unloaded gun or guns, additional float lines, (providing the main diver connects the floats himself) or offering food and drink, advise, directions, etc., during a prolonged battle.
- c. MUSCLE POWERED SPEARGUN; Is any speargun that stores potential energy that was provided from the divers muscles

only.

- d. ARTIFICIAL BREATHING DEVISE; Is any devise that delivers air to the diver for breathing while under water. This includes but it not limited to SCUBA, Hooka, "Bailout" bottles or rebreathers.
- e. PHOTOGRAPHING AND WEIGHING; Photograph and Weighing requirements for club records are specified in Article XV11-Annual Awards.
